Dr. Shruti Bhilare

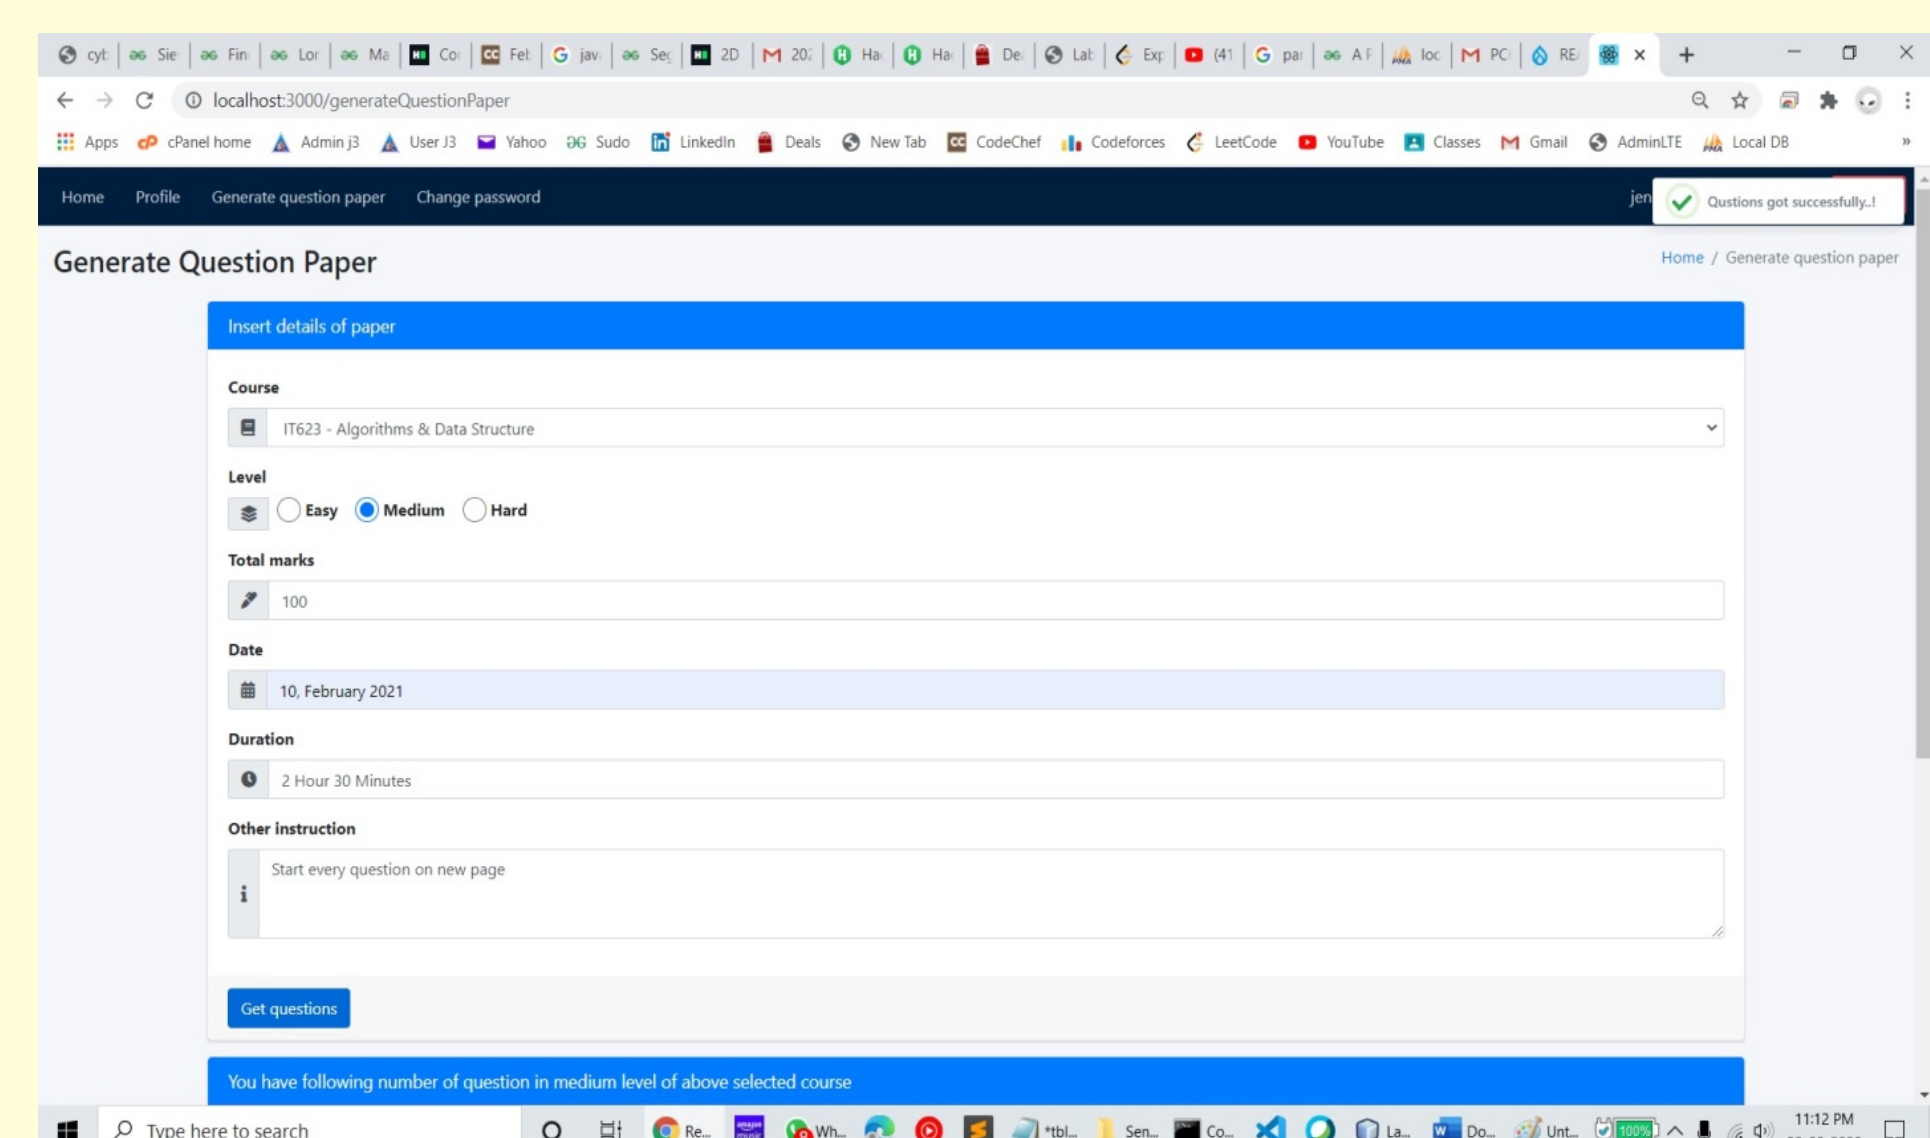

ABOUT THE PROJECT

Project is intended for automating the process of generating test question papers. Parameterising the marks, their weightage and test paper difficulty level for generating a question paper; having a question bank and repository of all courses across programs for different faculties are the core responsibilities. Surrounding features such as authentication, managing user profile etc are provided to ease the service maintenance.

SNAPSHOTS

Course code	Course name	Question	Mark	Level	Added By	Status	Action
IT623	Algorithms & Data Structure	What is binary tree?	1	Easy	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	Explain binary search	7	Medium	Jeni Biliyawala	Block	
IT615	Database Management System	what is BCNF?	5	Hard	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	Find the complexity	5	Medium	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	Explain prim's algo	7	Medium	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	Queue and stack impl	5	Medium	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	Write a program fibo	2	Medium	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	Find Complexity of t	7	Medium	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	List all the sorting	2	Medium	Jeni Biliyawala	Active	
IT623	Algorithms & Data Structure	Check whether prog	15	Medium	Jeni Biliyawala	Active
